Pre-Conference Workshop

Monday July 20, 9:00am-4:00pm, UW, includes lunch # of participants _____ x \$20 = _____

Introductory National Network for Ocean and Climate Change (NNOCCI) Workshop

Led by Nicole Killebrew & Katie Hart, Seattle Aquarium

This workshop will review some basics of climate science but will mostly explore strategic framing – a research-based approach to communications that provides opportunities for meaningful learning about climate change through conversations with visitors, students and other public audiences. Strategic framing uses values to explain why the issue matters, carefully selected metaphors to explain how the problem works and points toward actionable solutions that convey a sense of hope and empowerment. Small group activities and individual exercises will provide opportunities for practice throughout the workshop. Learn more about workshop on our website: http://pacname.org/2015-WA/2015_pre.shtml.

Post-Conference Fun—Mariners Baseball Game

Friday evening, July 24, 7:10 pm

of participants _____ x \$23 = _____

Seattle Mariners vs. Toronto Blue Jays & Fireworks! Join your NAME friends for one more outing before you head home. In addition to baseball, it's fireworks night—the sing-along edition. The Mariners have partnered with Pyro Spectaculars, the same company who produces the New Year's Eve at the Space Needle extravaganza. We need 20 people for the group discount rate. You must sign-up and pay by June 21st. If we don't get 20 sign-ups, NAME will provide a credit or refund.

Field Trip Selection: Families welcome! Indicate your field trip choice/s by entering the number of people you are signing up in the appropriate column. If your requested field trip is full or has been cancelled, our registrar will contact you to make alternate arrangements. Field trip descriptions are available on our website:
