

NAME

NORTHWEST AQUATIC & MARINE EDUCATORS

Sponsor our 41st annual NAME Conference!

Hosted by NAME's B.C. chapter at Pearson College August 14-18, 2016

WHO ARE WE?

We are educators, students, citizens and researchers from B.C., Washington, Oregon, and Alaska. Our network fosters aquatic stewardship through hands-on education.

NAME's mission is to create, support, and inspire an international community of marine and aquatic educators.

Every year we gather to learn, collaborate, and share experiences. This year's conference will be hosted at Pearson College UWC near Victoria, B.C., Canada.

Help us build communities of aquatic stewards!

Every donation helps! Your sponsorship will:

- engage youth in hands-on learning opportunities;
- nurture development of youth mentorship experiences;
- foster long term conservation of water resources;
- empower a sustainable network of water-wise educators;
- ensure equal access to this unique educational experience.
