

RIPPLE EFFECT
Making Waves Together

CaNOE
Canadian Network for Ocean Education

Saturday August 10

Thank you for joining us for the 48th annual NAME conference and the 7th CaNOE conference, located at Pearson College UWC on the traditional territory of the Sc'ianew (Beecher Bay) First Nation.

NAME and CaNOE would also like to acknowledge and thank our partners at SeaChange Marine Conservation Society, whose fundraising efforts have supported costs for field trips and conference scholarships. This helps environmental educators and leaders inspire the next generation, fostering a culture of stewardship and sustainability that will have a ripple effect far beyond our 2024 conference.

Throughout the conference, please share your experiences and tag us on social media:
